

SE61B3,
Spring 2003
Exercise 1

Due 1/14/03

"Good, Bad, and Ugly"

Find a user interface that is an example of a good, bad, or ugly user interface. Based on criteria that you used to make the judgement, tell why you came to that conclusion. Using at most one page, write a report telling why. Attach screen shots as appropriate.

Make your report look like this:

SE61B3 Exercise 1 -- "Good, Bad, and Ugly"
Date
for Rich Halstead-Nussbach

In my assessment, the blah-blah user interface is
I came to that conclusion based on the following criteria:

- It is visually blah-blah ...
- It supports a task-flow that is blah-blah ...
- As put together, the user interaction is blah-blah ...
-
-
